

S M I L E I N C.

Our doors stay open, because of YOU!!

Back in 1992 we opened our doors to special needs children with one little black pony, named Blacky. The next year we doubled our riders to 18, so we needed another pony. We added Blacky's son, Flash, who is the last pony born and raised on the S.M.L.L.E. farm. Flash, at the age of 35, passed away this October. He is the shaggy pony on the next page. The pre-school children loved brushing his long hair and watching him get a haircut.

Flash will be missed, like others, but S.M.L.L.E. continues providing a much needed service for its community and surrounding communities, **THANKS to all of YOUR SUPPORT!** I wish all of you could come and see what **you** are providing. I am hoping the enclosed letters from the parents and pictures will **bring joy to your hearts** as you give **hope** and joy to others.

9yrs. old Stephanie
& Blacky

9 yrs. old Malaki on Sugar

Life changing milestones for Malaki from 18 months to 9 yrs. old

Flash gets a haircut while the Norfolk Veterans and Public School

Norfolk Junior High

Norfolk High School

Grant Public School first graders came to donate their change and to brush and ride the ponies.

Keeping S.M.I.L.E. looking it's best for the riders to have a special place to ride takes many volunteers such as Knights of Columbus, and -
